## What Are All Those Symbols?

We realize that there is a lot of material to absorb in our agate (“agate” is jounalese for small-type results), so let’s see if we can’t clarify it a bit for you.

A combination of numbers and letters in parentheses, such as “9, x W” would mean tha the person had moved to No. 9 on the all-time world list, with a performance outside the top 10. Had it say, been the No. 9 performance, the notation would have been 9, 9 W.

You might also find something like “x, 6 A”. The x in the first position means the mark is not a PR, but the performance is No. 6 in U.S. history.

We note all-time list positions for World (W), U.S. (A), College (C), Juniors (WJ or AJ) and High School (HS).

We also denote yearly list leaders for the World (WL), U.S. (AL), College (CL; Division I only) and High School (HS). In even-numbered years we also list World Juniors (WJL) and U.S. Juniors (AJL).
