#### LONDON, ENGLAND AUGUST 04-13

##### STADIUM ATTENDANCE

The IAAF announced ticketed-only figures for each session: 8/04—55,100; 8/05—50,060/55,900; 8/06—43,860/48,400; 8/07—49,920; 8/08—55,540; 8/09—51,130; 8/10—56,290; 8/11—22,020/50,220; 8/12—56,620/56,020; 8/13—55,520. Total 760,590

##### WEATHER

Official in-stadium readings for temperature & humidity are given with each event. Note that these numbers are generally a few degrees warmer than the weather reports for the city proper, as might be expected from a largely enclosed building with all the bodies and electronics, it was probably generating its own microclimate.

##### EXPLAINING THE TYPOGRAPHY

Paragraph breaks in the preliminary rounds of running events indicate the separation between qualifiers and non-qualifiers.

##### COLOR CODING

All medalists appear in purple ink; all Americans are underlined (if in multiple rounds, only in the final round in which they competed); field-event/multi-event medalists appear in either blue (gold medal), red (silver) or green (bronze) in the progression charts.

##### SPLIT TIMES

Times in 10<sup>ths</sup> were taken by the T&FN split crew (virtually completely by video analysis) with help from USATF's Andy Ferrara; times in 100<sup>ths</sup> are official Seiko marks. Thanks to Mark Butler for invaluable work in helping generate the 4x4 splits, which are still a work in progress, only available in hand-timed format.

##### FIELD CHARTS

In the by-round field charts (all throws, horizontal jumps), the athlete's best of the day is underlined. The asterisked marks represent the progression of the lead.

##### WHAT'S IN VERSION iii?

Note that his newsletter is marked as "version ii"; it's an upgrade over the initial rollout. But history tells us that more small amendments will roll in as more tape is watched and more sources are uncovered and that will be the basis for version iii. While we won't e-mail you the updated version, we will make a note of it in a subsequent TN and if you wish you'll be able to download it from the Archive.
