

— NCAA Regionals: East Women —

JACKSONVILLE, FLORIDA MAY 28–30

(5/28—100h, 400h, 800h, 1500h, 10Kh, 400Hh, 4x1h, 4x4h, HJq, TJq, HTq; 5/29—100q, 200h, 400q, 800q, Sth, 100Hh, 400Hq, LJq, DTq)

— The Regionals Setup —

Under the NCAA qualifying scheme which came into play in '10, the 4 Regionals were combined into just 2 meets, and renamed as the "preliminary rounds" of the National Championships.

There were 48 contestants in each individual event (24 relay teams), with the top 12 advancing to the nationals in Eugene on June 10–13. There will be a few people from deeper places who qualify as potential doublers scratch. (The decathlon & heptathlon qualify directly to the Nationals from the yearly lists.)

For ease of nomenclature, we'll continue to call the meets Regionals, but the rounds will be named as part of the overall Nationals.

In 4-round events like the 100, for example, the Regionals staged the heats and quarterfinals; Oregon will host the semifinals and finals.

In the horizontal jumps and throws each contestant received 3 tries; the top 16 then received another 3 attempts, with the first 3 carrying over.

Tabbed breaks in races indicate the dividing line between qualifiers and non-qualifiers.

What Are All Those Symbols?

A combination of numbers and letters in parentheses, such as "9, x W" means that the athlete has moved to No. 9 on the all-time world list, with a performance outside the top 10. Had it say, been the No. 9 performance, the notation would have been "9, 9 W."

You might also find something like "x, 6 A". The x in the first position means the mark is not a PR, but the performance is No. 6 in U.S. history.

We note all-time list positions for World (W), U.S. (A), College (C), Juniors (WJ or AJ) and High School (HS).

We also denote yearly list leaders for the World (WL), U.S. (AL), College (CL) (Div. I only) and High School (HS).
