#### BEIJING, CHINA AUGUST 22-30

##### ATTENDANCE

The IAAF announced that the total figure for bodies in the stands (including “accredited personnel”) totaled 681,864. This was with the top tier of the Bird’s Nest closed. The basic number provided was 70% occupancy for the morning sessions and 98% for the evenings.

Specific spectator-only figures were not made available.

##### WEATHER

Daily city highs (official in-stadium readings are given with each event): 8/22—91F (33C); 8/23—82F (28C); 8/24—84F (29C); 8/25—88F (31C); 8/26—91F (33C); 8/27—89F (32C); 8/28—93F (34C); 8/29—87F (31C); 8/30—75F (24C).

##### EXPLAINING THE TYPOGRAPHY

Paragraph breaks in the preliminary rounds of running events indicate the separation between qualifiers and non-qualifiers.

##### COLOR CODING

All medalists appear in purple ink; all Americans are underlined (if in multiple rounds, only in the final round in which they competed); field-event/multi-event medalists appear in either blue (gold medal), red (silver) or green (bronze) in the progression charts.

##### SPLIT TIMES

Times in 10<sup>ths</sup> were taken by the T&FN split crew (virtually completely by video analysis); times in 100<sup>ths</sup> are from the official timer, Seiko. Thanks to Mark Butler for invaluable work in helping generate the 4x4 splits, which are still a work in progress.

##### FIELD CHARTS

In the by-round field charts (all throws, horizontal jumps), the athlete’s best of the day is underlined. The asterisked marks represent the progression of the lead.

##### WHAT’S IN VERSION ii?

Note that his newsletter is marked as “version i”; this means history tells us that more small amendments will roll in as more tape is watched and more sources are uncovered. While we won’t e-mail you the updated version, we will make a note of it in a subsequent TN and if you wish you’ll be able to download it from the Archive. Hopefully we won’t need to go as far as Version iii!
