## — NCAA Regionals —

The top 5 individuals (and top 3 relays) in each of the four Regionals automatically qualified for the Nationals. For various reasons—running in another event, injury, etc.—not all accepted the entry.

The Nationals fields were then filled in two ways. First, any finalists in the Regionals outside the top 5 were added if somebody in the first 5 turned down an entry. Then the yearly performance lists were used. Only the yearly lists were used for the 10Ks and multis.

In the following results we have boldfaced all the athletes/teams who have accepted the National slots.
