Special Edition: updated compilation  
of daily OT publications

## — 2004 U.S. Olympic Trials Men —

### SACRAMENTO, CALIFORNIA

July 9–12, 15–18

Total attendance: 172,230 (avg. 21.529).

Daily attendance: 7/9—19,666; 7/10—20,440, 7/11—22,107, 7/12—20,122, 7/15—20,758, 7/16—22,303, 7/17—22,511, 7/18—24,323.

Weather: daily highs in the low 90s, evening sessions usually still mid-70s, except for first day, which was mid-60s. Generally sunny and bright with clouds rare, typically gusty wind.

In theory, first 3 in each event (who have all been bold-faced) make the Olympic Team, but state of A- and B-qualifiers made that not the case in many events. Given the complicated—and ongoing—nature of who will actually compete in Greece, we have made no attempt to delineate that here, in what is intended primarily as a results-reference source.

With two sets of meet records to take care of, MR=meet record for the USATF Championships (which this meet doubles as); OTR=Olympic Trials Record.

Paragraph breaks in the preliminary rounds of running events indicate the separation between qualifiers and non-qualifiers.

This material was original sent out in 8 daily packages from Sacramento; this version contains many revisions and also includes the earlier marathon and 50W competitions.
