The top 5 individuals (and top 3 relays) in each of the four Regionals automatically qualified for the Nationals. For various reasons—running in another event, injury, etc.—not all accepted the entry. The 10,000s and multis fields were based solely on the yearly list.

The Nationals fields were filled by combining Regionals results with the yearly list. In theory, the 6th-, 7th- and 8th-placers went into a pool, and were then selected based on the yearly list. Because of the number of dropouts, however, placers as low as 12th ended up in the Nationals. But all completed events at Regionals.

In these results we have boldfaced all the athletes/teams who have accepted the Nationals slots.
