FILLING THE FIELDS FOR NATIONALS

The top 5 individuals (and top 3 relays) in each of the four Regionals automatically qualified for the Nationals. For various reasons—running in another event, injury, etc.—not all accepted the entry. The 10,000s and multis fields were based solely on the yearly list.

The Nationals fields were filled by combining Regionals results with the yearly list. After the 5 (and 3) were determined, including scratches, the next 7 placers from each Region went into a pool, and were then selected based on the yearly list order as each event reached its quota.

In these results we have boldfaced all the athletes/teams who have accepted the Nationals slots, although future scratches remain possible. Start lists are due to go up on June 4.
