

— A Monster Marathon Weekend —

by Sean Hartnett

London, England, April 17—Mary Keitany and Emmanuel Mutai scored their first World Marathon Majors wins in grand fashion as they rocketed away from the

with radical mid-race surges that set them clear and to lofty positions on the all-time lists.

Keitany started the day content to run in a large lead pack that managed the open-

tany said of her second marathon attempt, “and I knew Lillya Shobukhova was there. If I wait until late in the race I know that she has a very strong sprint and I don’t have a sprint, so I must go at 20K.”

And go she did, hitting full stride ripping off 5K segments of 16:11, 16:00 and 16:14 that included a eye-popping 5:00 for mile No. 16. The aggregate 15K between 20 and 35 netted 48:25—2:16:12 pace the likes of which only Paula Radcliffe ha brought to the event.

Keitany admitted, “I was just trying to push the pace so the other ladies did not get me.”

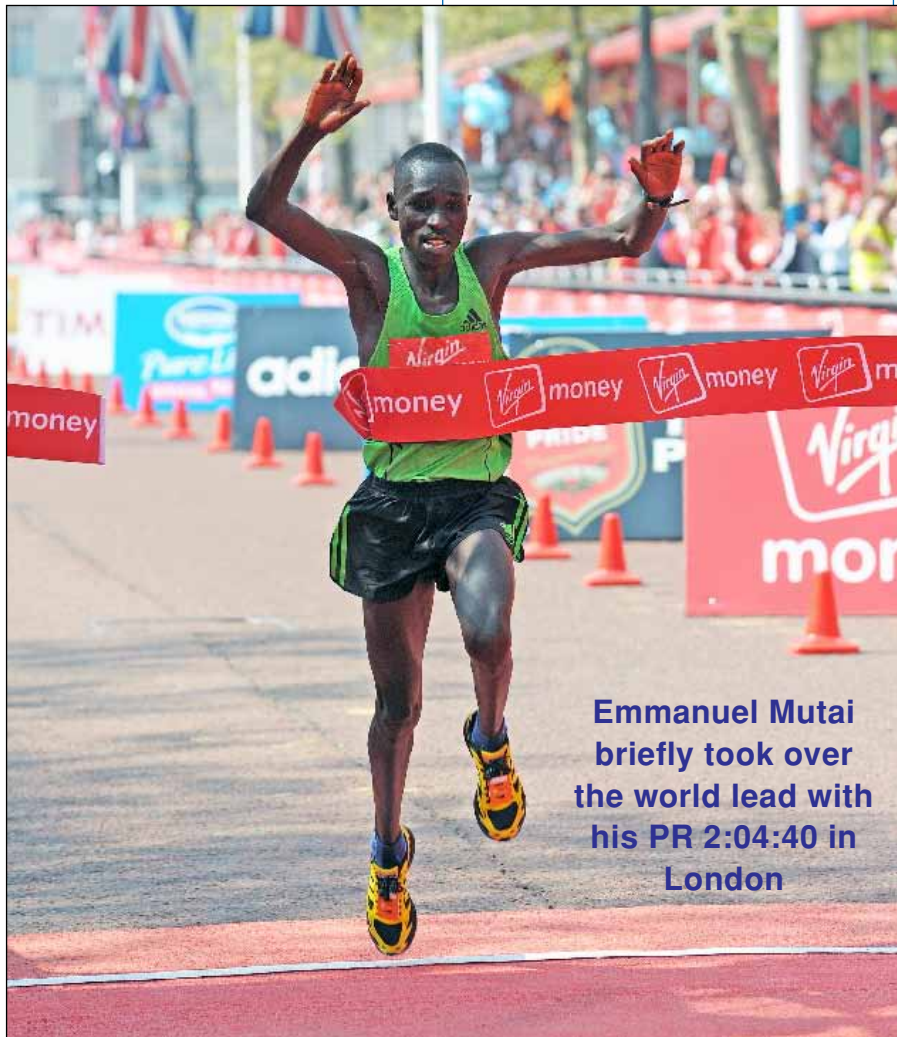

Not a chance, despite slowing a tad over the final 7K, the 5-foot-3 Kenyan stopped the clock in 2:19:19 to become the biggest woman in Kenya rising to =No. 7 on the all time list. She also became member No. 10 of the sub-2:20 club.

Keitany had good reason to fear Shobukhova as the reigning Chicago champ closed strong to lower her Russian record to 2:20:15, edging NYC winner Edna Kiplagat who dropped her PR to 2:20:46. A few minutes back the flood gates opened as a whopping 18 women finished under 2:28.

The men’s race followed a similar script as the opening half was covered in a tepid 1:02:45 with nine competitors bunched into the lead pack. A few surges did little to shake up the lead group as the pacers delivered the pack to 30K in 1:29:22 (2:05:42 pace).

A minute later, after digesting his fluids from the 30K aid station, Mutai hit his accelerator and almost instantly pulled 15 meters clear of the field. Defending champ Tsegaye Kebede tried to match the pace but soon grimaced with a massive side stitch and was dropped along with Jaouad Gharib, Bouramdane Abderra-

Emmanuel Mutai briefly took over the world lead with his PR 2:04:40 in London

competition in the London Marathon. The Kenyan duo’s triumphs were most remarkable in the speed in which they dispatched London’s usual deep Olympic-caliber fields

ing 20K in 67:00—2:21:21 pace. Content no more, Keitany hit the accelerator and hit the stride that produced her WR 65:50 half in February. “I was more confident,” Kei-

Mary Keitany's 2:19:19 made her the tenth woman to break the 2:20 barrier

hime and Abel Kirui.

Surprisingly only Martin Lel and Patrick Makau were able to stay close to Mutai's break. Lel was a last minute replacement for Sammy Wanjiru and was taking on his first race since the Beijing Olympics as a string of cruel injuries sidelined him.

Makau managed to carry on after crashing violently to the pavement just past halfway, losing 40 meters and gaining nasty scars on hands and knees.

Mutai—who finished 4th, 4th and 2nd the past three years in London and 2nd last fall in New York City—admitted, “For me the focus was on finding a way to win. My dream was to win a World Marathon Major and improve my time.”

Early in his career Mutai had been a knee-jerk racer responding or instigating early moves. “I learned from New York where I was very strong but was at the front

from 20K and had problems at the finish. This time I decided to not be in front until the pacemakers finished their work at 30K.”

This inspired one of the sharpest breaks ever seen in a major marathon as Mutai scorched the ensuing 5K in 14:16, punctuated by 4:29 and 4:32 clockings through miles 21 and 22. Mutai recalled, “When I looked back I could see that Lel was following and I called for him but he said I am not able, so I tried to push for the win and better the course record.”

Despite soloing the final 12K, Mutai blitzed the second half in 61:55, finishing in 2:04:40, clipping 30 seconds off Wanjiru's London record and moving to No. 5 on the all-time list.

Lel and Makau battled all the way home with Lel able to muster his trademark sprint to take 2nd as two of Kenya's elite marathoners clocked 2:05:45.

Ideal Boston conditions pushed Geoffrey Mutai to the fastest marathon ever; a frontrunning Desiree Davila almost pulled off an upset win on the women's side.

What Are All Those Symbols?

We realize that there is a lot of material to absorb in our agate ("agate" is journalese for small-type results), so let's see if we can't clarify it a bit for you.

A combination of numbers and letters in parentheses, such as "9, x W" would mean the person had moved to No. 9 on the all-time world list, with a performance outside the top 10. Had it say, been the No. 9 performance, the notation would have been 9, 9 W.

You might also find something like "x, 6A". The x in the first position means the mark is not a PR, but the performance is No. 6 in U.S. history.

We note all-time list positions for World (W), U.S. (A), College (C), Juniors (WJ or AJ) and High School (HS).

We also denote yearly list leaders for the World (WL), U.S. (AL), College (CL) and High School (HS).
