THERE WILL BE A VERSION II

Note that this newsletter is marked as
"version i"; this means history tells us
that more small amendments will roll in as
more tape is watched and more sources
are uncovered. While we won't e-mail
you the updated version, we will make a
note of it in a subsequent TN and if you
wish you'll be able to download it from
the Archive. Hopefully we won't need to
go as far as Version iii!

What Are All Those Symbols?

We realize that there is a lot of material to absorb in our agate (“agate” is jounalese for small-type results), so let’s see if we can’t clarify it a bit for you.

A combination of numbers and letters in parentheses, such as “9, x W” would mean tha the person had moved to No. 9 on the all-time world list, with a performance outside the top 10. Had it say, been the No. 9 performance, the notation would have been 9, 9 W.

You might also find something like “x, 6 A”. The x in the first position means the mark is not a PR, but the performance is No. 6 in U.S. history.

We note all-time list positions for World (W), U.S. (A), College (C), Juniors (WJ or AJ) and High School (HS).

We also denote yearly list leaders for the World (WL), U.S. (AL), College (CL; Division I only) and High School (HS).
