

— Men's Collegiate Conference Champs —

THIS SPECIAL EDITION OF eTN brings together in one spot (in alphabetical order) all the major Div. I men's outdoor conference activity of the '12 season. That includes both new meets from the Super Conference Weekend and those previously printed in various newsletters in April and May.

While 99% of the old-meet material remains the same, this version does include updated splits, dating and series, and corrects some typos that crept through. If you find a discrepancy between this report and the original, this one takes precedence.

What Are All Those Symbols?

We realize that there is a lot of material to absorb in our agate ("agate" is journalese for small-type results), so let's see if we can't clarify it a bit for you.

A combination of numbers and letters in parentheses, such as "9, x W" would mean the person had moved to No. 9 on the all-time world list, with a performance outside the top 10. Had it say, been the No. 9 performance, the notation would have been 9, 9 W.

You might also find something like "x, 6 A". The x in the first position means the mark is not a PR, but the performance is No. 6 in U.S. history.

We note all-time list positions for World (W), U.S. (A), College (C), Juniors (WJ or AJ) and High School (HS).

We also denote yearly list leaders for the World (WL), U.S. (AL), College (CL; Division I only) and High School (HS).
