MOSCOW, RUSSIA AUGUST 10-18

ATTENDANCE

The IAAF announced that the total evening figure for bodies in the stands (including “VIPS, guests, media and athletes seats” to the tune of 16,000 per session) was 396,548.

Specific spectator-only figures are available in this configuration: 8/10—9420/31,895; 8/11—12,861/40,461; 8/12—9350/23,707; 8/13—15,674/32,431; 8/14(morning only)—4087; 8/15—15,674/28,007; 8/16—10,289/28,308; 8/17—43,167; 8/18—40,272.

WEATHER

Daily city highs (official readings are given with each event): 8/10—82F (28C); 8/11—84F (29C); 8/12—73F (23C); 8/13—77F (25C); 8/14—77F (25C); 8/15—68F (20C); 8/16—72F (22C); 8/17—73F (23C); 8/18—73F (23C). Rain on evening of 8/11.

EXPLAINING THE TYPOGRAPHY

Paragraph breaks in the preliminary rounds of running events indicate the separation between qualifiers and non-qualifiers.

COLOR CODING

All medalists appear in purple ink; all Americans are underlined (if in multiple rounds, only in the final round in which they competed); field-event/multi-event medalists appear in either blue (gold medal), red (silver) or green (bronze) in the progression charts.

SPLIT TIMES

Times in 10^{ths} were taken by the T&FN split crew (virtually completely by video analysis); times in 100^{ths} are eyebeam times from the official timer, Seiko. Thanks to Mark Butler for invaluable work in generating the 4x4 splits (e=splits derived by formula) .

FIELD CHARTS

In the by-round field charts (all throws, horizontal jumps), the athlete’s best of the day is underlined. The asterisked marks represent the progression of the lead.

WHAT’S IN VERSION ii?

Note that this newsletter is marked as “version ii”; this means that in the days and weeks since the original publication right after the meet was over, new data came to light and some stats and splits were refined.
