* Although the Finish Judges placed them properly into the finish chute, somehow the runners who finished in 114th and 115th places respectively got out of order before they reached the check point. As a result, they were misplaced on the original report. Upon viewing the motion pictures of the race, the Head Judge of the Finish corrected this error. Insofar as team scores are concerned, this replacing is of no significance inasmuch as it does not alter team placing as originally published.
