

2004 NCAA WOMEN

Austin, Texas—Memorial Stadium; June 09–12

(attendance figure released only for final day—14,000)

(weather: June 09—temperature range 70–82 /21–27C, average humidity 87%, heavy rainstorm wiped out most of schedule; lightning forced stands to be cleared; strong gusty winds; June 10—temperature range 72–89/22–31C; average humidity 78%; strong gusty winds; June 11—temperature range 76–90/24–32C, average humidity 82%; strong gusty winds; thunderstorm interrupted decathlon briefly; June 12—temperature range 76–91/24–32C average humidity 75%; strong gusty winds.)

(The first-day storm forced changes in qualifying procedure. With the raining-out of most of the first day, all semifinals in running events were canceled.)

(Field event qualifying the first day was wiped out in the mLJ & DT and wPV, LJ & DT—for these events the finals were contested in flights, which took forever. For other field events separate qualifying rounds were still held.)
