## Ryun Nips Grelle in 2 Mile Thriller

by Dick Drake

Los Angeles, Calif., May 13--The 26th version of the Coliseum Relays didn't lack for excitement and good marks. The most thrilling were the two-mile in which five milers of 3:56.4 or faster class and a distance runner fought it out until two had broken the American record, the two-mile relay in which Southern California broke the world mark after a wicked battle with Texas and Villanova, and the javelin in which Arizona's John Tushaus (pronounced Tuss-house) improved more than 30-feet to raise the American mark.

The two-mile was exciting more because of an expectation of great things to come from such a talented field than anything that actually occurred during the early stages of the race. In fact, the race went pretty much according to form with Kipchoge Keino jumping into the lead and holding that position until about a furlong to go when Jim Ryun again got the jump on Jim Grelle and held off the veteran's challenge as both were clocked in an American record breaking time of 8:25.2, 1.2 seconds below Bob Schul's current standard. The mark ranks equal third on both the performers and performances list--behind Michel Jazy's world record of 8:22.6 and Ron Clarke's 8:24.8 and tied with Keino's and John Coyle's best.

The first mile found Keino leading the field by about a second, with very little change in the order: Bob Day, Dyrrol Bursleson, Grelle, Tracy Smith and Ryun. The pace was fast but not fast enough for a world record and probably not for Keino to win either. Most authorities felt that Keino would have to set a 4:07 to 4:10 pace to win and set a record but the mile was passed in 4:13.6. Two small developments occurred in the fifth lap as Keino tried to break away on the backstretch only to have the field catch up again as Grelle darted past Bursleson and came up on Day's shoulder. With 550 yards remaining, Keino tossed off his orange cap, a move which prompted Ryun to say later, "When I saw him throw off his cap, I said to myself 'if he's going to sprint all the way home he can have it.'" But Keino barely picked up the pace and passed the seven lap mark in 7:28.3, exactly five-tenths ahead of both Grelle and Ryun. In the middle of the first curve, Ryun moved swiftly up onto Keino's shoulder where he stayed for the next 220. The Kansas freshman made his biggest move on the final curve and dashed past Keino with Grelle in desperate pursuit. Ryun actually had a several yard lead in the stretch, but Grelle was moving the fastest and all but caught a slowing Ryun, who it almost appeared was tiring in the final strides. It's difficult to say what another 10 yards would have done to the finish, but there was no more running room and Ryun once again had Grelle's number.

Keino simply didn't have the same kick and finished in a creditable 8:29.8. Bursleson lost contact in the final 330 yards and required 70 seconds to finish in 8:39.6, behind Smith who passed Bursleson with remarkable ease on the home stretch to post 8:37.4, his best outdoors. Day looked good and was in excellent position until he suddenly fell onto the infield just after the six lap mark. A bad heel injury acted up to force Day out of the race and cause Coach Jim Bush to say he didn't know whether his 1965 NCAA mile champ would be able to complete the season.

Southern California's two-mile relay team ran an inspired race, inspired because they were after the world record they wanted to dedicate to assistant coach Willie Wilson, who was so weak from terminal cancer that he couldn't even be present for the meet though he had seen them run two weeks earlier at Mt. SAC. USC never trailed even though it was only lead-off sophomore John Link, more a miler than a half-miler, who ran a life-time best--1:51.1. At the exchange, Southern Cal led Villanova by a yard and Texas by 12 yards. Georgetown was never in the race and already 15 behind. Bruce Bess ran 1:49.7 and gave Dave Buck a 10 yard lead over Villanova, who led Texas by one. As has been his tendency in other races, Buck blazed ahead and built up as much as a 20 yard lead over Ian Hamilton of Villanova and Richard Romo only to lose all but eight of it at the last hand-off where Romo put Texas ahead of Villanova with a 1:48.2 leg. Buck ran 1:48.8. Carr, who has also had a tendency to a misjudge pace, ran a consistently paced two laps and pulled his team

home to a 7:17.4 world clocking with a 1:47.8 leg, which equalled the leg posted by Preston Davis of Texas. Villanova's Dave Patrick ran 1:47.7 for the fastest of anyone. Texas ran 7:18.6 and Villanova 7:18.8, both barely missing Oklahoma State's 7:18.4 world standard set in last year's West Coast Relays. Since 1954, the two-mile relay has produced a world record in five of 13 meets. In fact, the initial meet in 1941 also produced a world record--7:34.5.

USC's time finally surpassed the unofficial best clocking of 7:18.0 set by an all-star team from the Commonwealth in 1960 following the Rome Olympics. And it was only Link who put up a career best, which speaks high for the potential of this team which loses only Bess and will pick up high school record holder Richard Joyce, who is currently bothered by gout. But possibly even more promising is the Villanova team, which ran with four sophomores.

Vying closely for top honors of the evening, which enjoyed warmer than usual 55 to 60 degree weather, was Arizona's senior javelin thrower, John Tushaus, who improved his lifetime best of 252'3 $\frac{1}{2}$ " in 1965 31'8 $\frac{1}{2}$ " to an American record of 284'0". His best this year was 247'10" though he had lost only to Frank Covelli, at the Easter Relays, in 10 meets. He threw 241'10" on his first effort with the 70-meter javelin, which he used in order to qualify for the finals because it tends to land point-first more readily than the 80-meter Held javelin. He said that the first throw would have gone further had he used the 80-meter javelin. His big toss occurred on his second attempt--with the 80-meter javelin. "Everything went right, but I wasn't surprised because last week I got one off 271-feet in practice," he commented later. "The secret of my success is my faith in the Dick Held style of throwing. I believe I'm one of the few who still uses his old cross-step at the time of release." His third toss was a foul, and then he was too excited to continue and elected to pass his remaining throws.

Only three javelinists have thrown farther in history: Norway Terje Pedersen at 300'11", Finland's Jorma Kinnunen at 289'2" and Carlo Lievore at 284'7". In the English system of measurement, Tushaus' and Janis Lusic's bests are the same, but Tushaus' mark was also measured in meters at 86.58, two centimeters further than Lusic's best. The American mark (282'3 $\frac{1}{2}$ ") was held by Al Cantello, which when set in 1959 was a world record that held up for two years.

The two two-mile races produced by far the best times in the running events, though the relays were faster than the open events, outside the 46.3 registered by San Jose CC's Lee Evans which was later disallowed because he had, by official's count, run outside his lane on the final curve for 25 yards though he denied this. He led all the way but put on a strong, head-wobbling finish down the home stretch. What the running events may have lacked in the way of quality and depth the field events not unexpectedly made up for. Even field event was classy.

Randy Matson forgot about his weight problem and had knee long enough to be impressive. Coming into the meet, he trailed Oregon's Neal Steinhauer by a quarter of an inch on the yearly list, 66'9 $\frac{3}{4}$ " to 66'10". Before the meet he said he was concerned but not worried. And he quickly dispelled any chance Steinhauer may have had with the third greatest throw in the history of the event, 69'2 $\frac{1}{2}$ ", on his very first throw. Steinhauer still managed a creditable 64'6" while Parry O'Brien came up with still another lifetime best, in his 19th year of competition, of 64'2 $\frac{3}{4}$ ". Interestingly, Parry was so high after the performance that he encountered difficulty sleeping that night. Matson then proceeded to win the discus against the best field he has ever faced with a toss of 195'11", also on his first effort. He beat Arizona State's Jon Cole (192'6"), Dave Weill (191'3"), Southern California's Gary Carlsen (188'11") and Parry O'Brien (188'8") among others. Matson's performances resulted in the second greatest one-day double, behind his efforts at the Southwest Conference last year (70'7 $\frac{1}{4}$ " and 199'7 $\frac{1}{2}$ ").

Two upsets resulted when Rainer Stenius took Ralph Boston in the long jump, 26'3" to 26'1", and Ed Burke beat Hal Connolly, 228'3" to 222'1". Both upsetters also produced superior series as well. Bob Seagren annexed the pole vault from John Pannel though both cleared 17'1 $\frac{1}{4}$ ", and Art Walker won the triple jump with still another good mark of 53'7".

Ray Birus, who has completed his eligibility at BYU, equalled the fastest time in the nation in the steeplechase with his fast-finishing 8:52.6. Tom Farrell won the 880 at will, though Georgetown's Ricky Urbina passed most of the field in a speedy homestretch bid. Farrell won in 1:50.1 to Urbina's 1:50.6. Texas Southern's James Hines beat Southern Cal's normally impressive Lennox Miller, 9.7 to 9.8 on the Coliseum's slow sprint track and after the two collided at about 80 yards. TSU teammates Roy Hicks and Arnaldo Bristol finished one-two in the highs in 13.8 and 13.9. Ron Whitney won the 440 intermediates from Vance Peterson, who was leading at the last hurdle when he tripped, in 50.7.

Texas Southern won the 440 and 880-yard relays in 40.0 and 1:23.9 with their regular line-ups. UCLA ended California's 34 meet mile relay win streak with a fast 3:06.9 victory. Rice also finished ahead of Cal, 3:07.4 to 3:09.1, yearly bests for both teams.

Meet officials boo-boomed when they refused to bring San Jose State's 440-yard relay team after an earlier commitment to run in the following evening's West Coast Relays prevented Coach Bud Winter from accepting bids to also run in the Coliseum 880 and mile relays. As a result, Angelenos were unable to see the hottest trackster in the US this year--Tommy Smith--in the fine 440 relay field.

100, Hines (Tex So) 9.7; 2. Miller (So Cal Fr) 9.8; 3. Dunn (Strid) 9.8; 4. Busby (UCLA Fr) 9.9.

220t, Dunn 21.2; 2. Miller 21.2; 3. Busby 21.2.

440, Bankhead (SMU) 46.7; 2. Sullivan (Ariz) 47.6. (Evans of San Jose CC finished first in 46.3, but was disqualified for running outside his lane on the final curve for 25 yards.)

880, Farrell (unat) 1:50.1; 2. Urbina (Geotwn) 1:50.6; 3. Breckow (UCLA) 1:50.8. (Farrell's splits: 29.0, 56.6, 1:26.1)

Mile, Camien (NYAC) 4:04.3; 2. Christmas (ACC) 4:05.3; 3. Nelson (Strid) 4:05.4; 4. Traynor (49ers) 4:07.1; 5. Mellady (49ers) 4:08.5; 6. Kennedy (Strid) 4:08.7. (Camien's splits: 62.0, 2:05.1, 3:09.7 with a last 220 of 26.0.)

2Mile, Ryun (Kans Fr) 8:25.2 AR, CR, FR; 2. Grelle (Multnomah AC) 8:25.2 AR; 3. Keino (Kenya) 8:29.8; 4. Tr. Smith (PAA) 8:37.4; 5. Burlison (unat) 8:39.6. (Day of UCLA dropped out after 6 $\frac{1}{2}$  laps with a heel injury.) Quarter times:

|          |      |        |        |        |        |        |        |        |
|----------|------|--------|--------|--------|--------|--------|--------|--------|
| Ryun     | 62.7 | 2:06.3 | 3:10.2 | 4:15.1 | 5:18.8 | 6:24.7 | 7:28.8 | 8:25.2 |

## Seagren Gets Vault Mark With 17'5 1-2"

by Bert Nelson

Fresno, Calif., May 14--Bob Seagren, a young man on his way up, highlighted the West Coast Relays with a 17'5 $\frac{1}{2}$ " vault that erased from the world record book the two-year-old 17'4" mark by Fred Hansen.

A teen-ager for five more months, Seagren is a non-competing junior college sophomore who will have three full years of competition when he joins Paul Wilson at USC in September. Yet he now owns both the outdoor and indoor marks, having cleared 17'3 $\frac{3}{4}$ " under cover last March.

The record did not come easily to the dark-haired native of Southern California. Eleven vaults preceded the big one and seven of them were unsuccessful. It is a measure of his courage and ability that three times he bounced back from a two misses situation to finally prevail. Bob missed twice at 15'6", once at 16'0", twice again at 16'5 $\frac{1}{2}$ ", and after a first try clearance of 17'1 $\frac{1}{4}$ " had two more failures at the record height. Finally, four hours and 53 minutes after the event began at 6 p. m., the tired but willing youngster mustered his reserves and sailed over with an inch or two to spare.

Tremendously excited by his achievement, Seagren had plenty of time to savor his triumph, accept congratulations, sign autographs with his left hand. It took 17 minutes for the officials to climb their step ladder for the required measurements and when Bob essayed 17'8" it was a definite anti-climax. On his first and third tries at the highest high ever attempted Seagren never even dislodged the bar, dropping under and short. His number two effort got his ankles over the crosspiece, but that was all.

Seagren now has cleared 17-foot six times, one less than John Pennel, who failed to make his opening height of 16'0", and two more than Hansen. Sam Kirk has done it twice and Paul Wilson once for a total of 20.

Until Seagren came along individual honors had gone to Art Walker who continued his fine triple jumping with a new American record of 54'4 $\frac{1}{2}$ ". He wiped out Ira Davis' 53'11" standard, moved to tenth on the all-time list and came within six inches of second.

Southern California made a game try at its day old two-mile relay record and failed by a mere fifth of equalling the 7:17.4 performance at the Coliseum Relays. John Link opened with 1:50.9, a resurging Bruce Bess galloped home with 1:47.8, and when Dave Buck ran 1:49.3 the Trojans were ahead of schedule. But Dennis Carr slipped a little and his 1:49.6 wasn't quite good enough.

Many of the fans had come to see Tommy Smith sprint and when the 440 relay was called there was a noticeable quickening of tension. The long-legged speedster didn't disappoint as he grabbed the baton hopelessly out of contention, took about 50 yards to get into high gear, and then simply ate up the leaders to win in 40.1. His spectacular spurt left the fans gasping but they'll never know

## Bulletin Board

Newsletters of Volume 12 will be mailed as follows: (A)=four page TN by air-mail; (8)=eight page TN by first-class mail. May 19 (A), 26 (A), June 2 (A), 9 (A), 16 (A), 23 (A), 30 (A), July 21 (A).

Next issues of Track and Field News will be mailed May 26, June 16, July 14 and August 25.

### TRACK NEWSLETTER

Second class postage paid at Los Altos, Calif. Published 24 times a year by Track & Field News, Inc., P. O. how fast Smith ran or just how much he gained on whom. Some writers and fans claimed he picked up 10 yards and few were as conservative as five yards. Unfortunately Smith was not around to be clocked in the 880 and mile relays as an injury to a teammate led to the scratching of both teams.

UCLA, the current NCAA favorite, continued to show its all-around strength. Running the 880 relay for the first time this year, and without the services of number one sprinter Norm Jackson, the Bruins won in a swift 1:23.3. A Jackson-less one lap crew ran 40.3 for second.

Other relay marks were not noteworthy but there were good efforts on the field. Ralph Boston gained revenge for his previous night's loss to Rainer Stenius by leaping 26'8 $\frac{1}{2}$ ", more than a foot further than the Finn. Still not in shape for a big series, Randy Matson nevertheless had one good put at 66'8 $\frac{1}{2}$ " as BYU came up with 62'8" and 62'7 $\frac{1}{4}$ " from Mike Bianco and Ken Patera. Al Oerter took revenge on Jon Cole, 196'0" to 189'9", and John Tushaus threw the javelin 255'3" after a foul of about 276'. John Dobroth did 7'1 $\frac{1}{2}$ ".

A now healthy Darel Newman continued his comeback with two 9.4s, one wind-aided, junior collegian Lee Evans beat the big boys for the second night in a row with 46.7, Al Rockwell edged Earl McCullouch as both hit 13.9, and Mike Douglas contributed to BYU's second straight team victory with a narrow 51.2 intermediate hurdle victory over Vance Peterson, also 51.2.

College division competition featured Don Shy's hurdling, 13.6w in the final and a 13.7 legal heat; the 60'8 $\frac{3}{4}$ " put by Houston Ridge, a San Diego State teammate of Shy; and a 185'0" discus toss by George Puce of Nevada.

Junior collegians came up with two national records and tied a third. Bakersfield zapped the oldest record in any book when it did 1:24.7 for the 880 relay, well under the 1:25.6 first run by Riverside way, way back in 1938. Neill Duggan, the Britisher at Hancock, toured two miles in 8:54.0, and San Francisco equalled the pending 440 relay standard with 40.9.

## Greene Leads Nebraska With 9.3, 20.8t

by Jim Spier

Columbia, Mo., May 13-14--Double winners Charles Greene and Dave Kudron led Nebraska to its first Big 8 outdoor championship since 1950, edging fast finishing Oklahoma, 113 to 103, here at Memorial Stadium. Oklahoma State was a distant third and injury-ridden Kansas fourth as Big 8 athletes smashed eight meet and 10 stadium ma

Greene was voted the Henry F. Schulte award as the meet's outstanding competitor, and a fine day he had. Charlie ran a personal best of 9.3 in the 100 to equal the best in the nation this year. He was pushed to the wire by teammate Lynn Headley, who ran 9.5. The Seattle star equalled a career best of 20.8 in the furlong, barely beating Oklahoma State's Mickey Miller who clocked 20.9. Earlier, Greene had anchored the Huskers to a second place 41.0 in the 440 relay, being beaten by Oklahoma's fine quartet who had 40.8.

The much awaited quarter was a great one as expected. Dave Crook's smooth running gave him a 45.9, second this year only to Tommie Smith's 45.7. He and Bill Calhoun (46.1) were neck and neck all the way but Calhoun couldn't keep up with Dave in the last 10 yards. Don Payne of Kansas State had a fine 46.6 third, but was out of the money for most of the race. Payne has been bothered by a sprained right thigh and was especially affected in the mile relay where he anchored the favored Wildcats to a poor seventh place 3:14.3 Calhoun had a great but frustrating day, running 21.4, 45.4r as well as his 46.1.

The 880 was also a great one. John Perry ran 1:47.7, best in the world so far this year, with fellow Oklahoma Stater Jim Metcalf second in 1:47.8, the second best in the world. Third was Nebraska's Peter Scott, who tried to push his way through Metcalf and Perry at the finish and spiked Perry in the leg. It apparently went unprotested and there was no disqualification action taken. John successfully defended his Big 8 crown and tied brother Dave's best ever Conference time in so doing.

Conrad Nightingale and Tom Von Ruden beat favored John Lawson in the mile, running the second and third fastest NCAA mile times this year, 4:00.9 and 4:01.1. Lawson clocked a personal best of 4:02 as all three beat Ray Steven's (Nebraska) 4:04.9 meet record. Lawson led for the first two laps but Nightingale took over at that point and kept his position all the way to the tape.

Favored Lawson also failed to grab the three-mile title, turn-

ing in a sub-par 14:11.6, probably the result of a hamstring injury which greatly limited his training in the past two weeks. Chris McCubbins of Oklahoma State grabbed first place honors in meet record time of 14:04.0. Mile winner Nightingale was third in 14:14.6.

Sophomore Dave Kudron of Nebraska looked superb in taking both the high hurdles and the intermediates. His times of 14.2 and 36.9 both fell short of the 14.0 and 36.4 meet records.

The mile relay had five of the best teams in the nation running and, although the meet record was broken by 0.7 seconds, none of the five bested their times posted previously this year. Bill Calhoun of Oklahoma fought Jimmy Metcalf for 330 yards in the last leg with Calhoun holding on to nip the Cowboys, 3:08.8 to 3:08.9. Nebraska was too far behind after three legs for anchor Dave Crook to catch up as the Huskers clocked 3:10.8. Missouri was a surprising fourth in 3:11.1 thanks to junior Bob Kneile's 46.8.

Ron Tull stole the high jump title from Steve Herndon, defending champ, as he did in the indoor meet, this time 6'11" to 6'10". Both will be back next year. The pole vault went to defending champ Jim Farrell of Oklahoma won the crown at 15'6", as Colorado's Chuck Rogers, who two weeks ago went 16'5", was off form and failed to place with his 14'0". Missouri's Gene Crews won the shot put for the second straight year with a 59'½" toss.

100, Greene (N) 9.3; 2. Headley (N) 9.5. 220, Greene 20.8; 2. Miller (OS) 20.9. 440, Crook (N) 45.9; 2. B. Calhoun (O) 46.1; 3. Payne (KS) 46.6. Heats: 1-1. Crook 47.1. 880, Perry (OS) 1:47.7; 2. ## Lindgren Shocks With 12:53.0

by Ranny Green

Tacoma News Tribune Sports Writer

Seattle, Wash., May 14--Late in the indoor season this year, certain track experts saw Gerry Lindgren's times and proclaimed the diminutive Washington State University sophomore was "run out". Lindgren turned the tables on everyone here as he virtually ran the opposition out of the University of Washington Stadium in the three-mile run at the Northern Division Track Championships. The 5'6", 120-pounder established new American, collegiate, meet and stadium records with a scintillating 12:53.0 run on a cold and windy day.

His performance completely overshadowed Oregon's 13th consecutive meet triumph with 64 points. Surprising Washington finished second with 55, followed by Washington State with 44 and Oregon State with 30.

Lindgren's effort was slightly slower than Australian Ron Clarke's pending world mark of 12:52.4 set July 10, 1965 in London. It was in that same race that Lindgren set his present American standard of 13:04.2. Clarke's official record now in the books is 13:00.4, run in Los Angeles, June 4, 1965.

Lindgren said, "I couldn't have run that fast if Ken Moore (of Oregon) hadn't been in the race. He kept right with me for four laps and my laps then had to be consistent." The Spokane sparrow, who had been sidelined most of the spring with a virus, said he did not vary his workout pattern this week. "I just trained as if it was a regular meet. Actually, the time surprised me. I ran five miles here Friday (day before the meet) and it really felt good."

Lindgren said his recent month-long bout with the flu might be considered a help. "I didn't run in the meets but I had a chance to train and I worked hard. All in all, I think the flu made me stronger. I just wish I could have gone a little faster on that last lap." He finished with a 58.0 second quarter.

The brisk wind and cold weather affected many performances but it did not hinder the Cougar. "I wasn't going for a record but once the race started I ran quite easily. The wind and temperature

didn't bother me at all. When I heard the lap times after two miles I knew the world record was within reach. I had it on my mind. I could go out and run another mile or two now." His splits were 6:2:07, 3:10, 4:14, 5:18, 6:24, 7:31, 8:37, 9:43, 10:49 and 11:55. His two-mile clocking of 8:37.0 is slightly over Bob Day's accepted national collegiate record of 8:35.4 set in March of 1965 and distant from Jim Ryun's new 8:25.2.

3Mile, Lindgren (Wash St Fr) 12:53.0 AR, CR; 2. Westman (Wash St) 13:29.8; 3. Moore (Ore) 13:32.2. 3000St, Mortenson (O) 9:15.8; 2. Hansen (Ore) 9:22.0; 3. Hunt (Ore St) 9:23.4; 4. Dahl (Wash St) 9:23.6. 440IH, Williams (Wash) 52.0. 440R, Washington 41.4 (Williams, Temple, Roe, Westlake).

LJ, Albin (Ore St) 24'8". SP, Steinhauer (Ore) 61'7"; 2. Sams (Ore St) 59'1½". DT, Steinhauer 189'3"; 2. Pemberton (Wash) 174 JT, O'Donnell (Wash St) 228'10½".

## Maryland State Holds Off Morgan State

by Steve Gould

Petersburg, Va., May 13-14--Maryland State won the 45th annual Central Intercollegiate Athletic Association championships, holding off Morgan State in the final event, the mile relay, despite the fact that Johnson C. Smith College won the race through a superb 45.5 anchor leg by Vince Matthews. Maryland State led Morgan State 37 to 35, going into the relay and had to prevent Morgan from gaining two points on them. This they did, finishing second to J.C. Smith the race while Morgan was a close third. Maryland State's team score was 40 to Morgan's 37 and North Carolina A&T's 32. Last year's winner, North Carolina College, was a poor eighth.

Perennial winner Ed Roberts, North Carolina College sprinter and bronze medal winner at 200-meters for Trinidad at Tokyo, failed to win the 100 and 220 for the first time in four years. Due to a judging goof in the trials of the 100, it was illegally decided to squeeze nine men into eight lanes in the final. Deprived of a four-foot lane Roberts found himself boxed out of his narrow slot and dropped out at 60 yards rather than risk injury. Ray Pollard of Morgan State won the race in a windless 9.5 which Roberts had also done in a heat on Friday. In the 220, Roberts had a lane to himself but could not match Pollard's strength after the curve and had to settle for second.

The CIAA produced a new star in J. C. Smith College's Vince Matthews. A frosh from New York City, Matthews won the 440 in 47.0, easily beating defending champ Ed Skinner of Maryland State finalist in the 400-meters at Tokyo. Matthews ran the race of the meet in the final leg of the mile relay. He was a poor third when he received the baton, with Tim Johnson of Morgan holding a slight lead over Skinner. Matthews closed a seven yard gap by the 220 mark, opened up a lead of his own which spread to almost 10 yards at the tape, doing his leg in 45.5 and enabling his team to run 3:12.4.

100, Pollard (Morgan St) 9.5. 220t, Pollard 21.4; 2. Roberts (N Car C) 21.5. 440, Matthews (JC Smith/Fr) 47.0. HH, Colen (W-Salem) 13.9. MileR, JC Smith 3:12.4 (Wilson 50.6, Miles 48 Lee 47.8, Matthews 45.5); 2. Maryland State 3:13.3 (Skinner 47 LJ, Beamon (N Car A&T/Fr) 24'11". TJ, Beamon 49'7". SP, Bethea (N Car A&T) 60'2¾". DT, Bethea 163'7½".

Team scores: Maryland State 40; 2. Morgan State 37; 3. North Carolina A&T 32; 4. J.C. Smith 16; 5. Winston-Salem 10; 6. North Carolina College 11; 7. Delaware State 10; 8. North Carolina College 7.

### Starting

The IAAF rules state that on the command "set" all competitors shall at once and without delay assume their full and final set position. Failure to comply with this command after a reasonable time shall constitute a false start. It is also a false start if a competitor leaves his mark with hand or foot after the word "set" but before the shot is fired. Any competitor making a false start must be warned. If a competitor is responsible for two false starts he is disqualified. (From Melvyn Watman's Encyclopedia of Athletics)
