UNITED STATES OUTDOOR PREVIEW 1973 (1)

compiled by Garry Hill

The following compilation lists important personal data for those athletes who are expected to be the top performers of the 1973 season. The first 4 pages (in this volume of *TN*) represent the US preview, with 2 pages for the rest of the world to follow in No. 11, rather than No. 10.

All listings are alphabetical within events. Collegiate athletes are listed with year in school and their NCAA eligibility. The underscore in the US section denotes the beginning of the Juniors (born in 54 or later). There is no Junior section in the World Preview. Non-US citizens listed in the US Preview (denoted by a ' after their name, with country given before affiliation) are not repeated in the World Preview.

All heights and weights should only be considered as approximations, as many did not come from athletes themselves, but rather from various

publicity sources. They do represent the best information available to *T&FN* at publication time.

Marks listed under "PR" were made in 72 unless a qualifying year has been added. Early 73 marks have been included.

Symbols and abbreviations: nc=school not likely to compete in NCAA championships; cd=athlete must qualify for NCAA through college division; Tr=student currently ineligible after transferring; susp=school suspended by NCAA; i=indoor mark; m=metric mark; y=yard mark; w=wind-aided; inj=injured; nm=best mark not known; dnc=did not compete; ?=question as to whether or not athlete will compete.

T&FN will appreciate credit if this information is duplicated in an official capacity such as meet publicity or programs.
