1973 UNITED STATES LIST

These listings should essentially represent the final US list for the 1973 season. It contains all marks made by US-affiliated performers since January 1. Marks in the performance section (which ends with an underscore) are listed chronologically, while those in the performers section are listed alphabetically. Indoor

marks have been combined with the outdoor to give a better idea of the total picture for the year. Each standard event contains approximately the top 50 US citizens. Symbols: i=indoor; m=mark converted from meters; p=professional. We welcome all amendments to this list.
