# 1976 UNITED STATES MEN'S LIST

Other than a few scattered marks likely to crop up in the next couple of weeks, this represents the final US list for the 1976 season. It contains all marks made by US affiliated performers (indoors and outdoors, professional and amateur) since Jan. 1, 1976. The top 10 performances of the year are also listed. The end of the performance section is denoted by an underscore.

One-lap races are combined. Everything is converted to an "automatic metric" time. Symbols: †=400 hand time plus 0.14; +=440 hand time minus 0.16; '=440 auto time minus 0.26.

In the 200, '=220 time minus 0.12. In the 110H, '=120y time plus 0.03.

Other symbols: i=indoor; p=professional; ' after athlete's name= not eligible for US in international teams because of foreign citizenship; \*\*\*=fresh; \*\*=soph; \*=junior; all other collegians are seniors.

We welcome all amendments to these lists.

Automatic-timing (100ths) is used as the standard in the sprints (440 and less). In the 100, 200, and 110H, a factor of 0.24 is applied to hand-timing, with an athlete being listed in the hand-timing section only if his best hand time is at least that much faster than his best auto-time.
