• 1984 UNITED STATES MEN'S LIST •

compiled by Dave Johnson

This represents the "final" U.S. men's list for the 1984 season in all standard events except for the marathon, walks and relays which will be included in the next issue.

The lists include at least 50 U.S. citizens in Olympic events and a minimum of 10 performances. Resident foreigners are to be found at the end of each list. The end of the performance section is denoted by an underscore, and any foreign performances qualifying for an inclusive list are also listed. In field events, each mark within a series is considered a performance. The reporting standard for the year is listed at the end of the main body of each U.S. list.

Records are listed at the head of each event. Record symbols: W=World; A=American; C-Collegiate; WJ=World Junior; AJ=American Junior. Conversion factors are listed following the records at the head of each affected event.

Wind-aided and hand-timed marks are included only when intrinsically superior to the best legal mark using the accepted factors of 0.24 for short sprints/hurdles and 0.14 for one-lap events.

For events longer than 400m, hand-timed marks are not converted, but are given a position inferior to auto-timed marks when both have the same tenth second decimal. For example, 1:47.68 is listed ahead of 1:47.6.

Symbols: (A)=mark made at altitude above 1000m; i=indoor mark; ' after athlete's name=resident foreigner; ! =secondary mark within field event series; &=mark made on Boston College's oversized 434m track in Chestnut Hill; collegiate classes—**=fresh; **soph; *=junior; - =senior; ?=class unknown.

We are eager to receive amendments to these lists. They will be published in subsequent issues. Please submit them to Box 296, Los Altos, CA 94022.
