• 1985 UNITED STATES JUNIOR LIST •

compiled by Jack Pfeifer, Jack Shepard & Mike Kennedy

Standard conversions (as noted in previous U.S. lists) are used in all events, with hand times for 100, 200 and short hurdles also converted at 0.24. All other symbols are also standard, with the addition of ? and ?? . The ? means that birthdate is unknown, but athlete competed in Junior competition. The ?? appears only on the women's list and means that birthdate is unknown, but athlete is most likely a Junior because of scholastic standing. Ordinarily this sign would appear on the men's list for college frosh, but this year it does not.

The current World and American Junior Records are listed at the head of each event. Each event gives the top 10 performers (if possible) and top 5 performances of the 1985 season. We welcome all amendment to these lists.
