NOTE: There is no longer a distinction made between resident and non-resident foreigners. Either you're an American or you get a single tick after your name. No more trying to figure out whether somebody gets a single tick or two.

This policy will be carried over to the magazine lists in 1988, in that resident foreigners will no longer be carried in the body of the U.S. list. A sub-listing of the leading foreign collegians will be appended, however so that one can keep NCAA action straight.
