1988: WHAT A

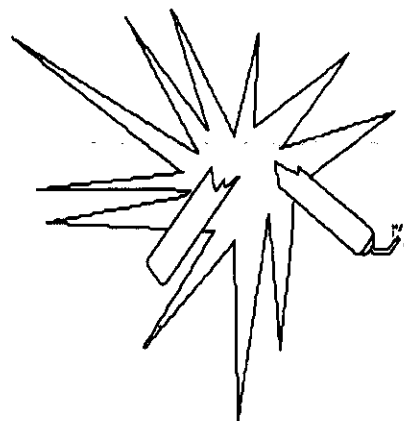

YEAR!

STAY TUNED FOR

'89—

IT ONLY GETS

BETTER!

One of the records we neglected to report on this year was the TN page count record. Volume 34, you surely noticed, reached a massive 204 pages—a record for a modern\* TN (old record—178 TN '86).

If you haven't renewed yet, get cracking. You don't want to miss our first issue of '89, due out January 26.

(\*since 1979, when we stopped printing on colored paper and generally started to avoid the use of complete sentences, figuring you get enough of that in the magazine and are looking for pure results in TN.)
