WC Reference Source

Ever find yourself wanting to know who all the World Championships winners were? Or all the medalists? Or any kind of statistical question about the worlds?

We're happy to note that we've just published a dandy little reference source which will help you do just that.

It's *The World Championships, Helsinki to Stuttgart*. This is meant as a statistical guide, pure and simple, not a work of history. Not a lot of flowery prose, just the top-6 results from each of the 8 WC (4 indoors, 4 out), and an analysis of where the medals went, on both an individual and national basis.

It'll go for \$10.00, but for you loyal *TN* subscribers, it's just \$8.00, so long as you order by June 15.

Along the same vein, before the year is out we hope to produce an updated version of *Olympic Track & Field*, complete from Athens '96 through Barcelona '92 so you'll have the right reference there too.
