WIND SPRINTS

Charley Dumas barely missed at 7'1" at Tucson. Coach Jess Mortensen says Dumas' hurdling has had a great deal to do with his fine early season progress in the high jump, particularly from the standpoint of getting his legs in shape...Mort feels Mal Robertson could do 9 minutes right now, and could possibly do a mile under 4...Bob Gutowski played four sets of tennis on the Thursday he flew to Chicago, where he only did 15' on Friday night...Laszlo Tabori has turned in three two-mile times this year: 9:15.1, 9:14.7, 9:15.3. The latter time was on a rain heavy track which added 15 seconds to the time in the opinion of Stanford coach Payton Jordan, whose track it was...Reinaldo Oliver, 233'8" javelin tosser from Puerto Rico, is playing professional baseball...Bernie Frakes, Colorado's surprise winner of the Big 8 indoor two-mile in 9:15, ran only 10:06.8 last year, as a frosh..

Boston Marathon facts and figures...Closest finish was in 1906 when Tim Ford beat Dave Kneeland by 6 seconds...Ford was the youngest winner, just 18...Clarence DeMar, 7 time winner, was the oldest, 42...A staff of 12 podiatrists is on hand to treat aching feet..only vehicles allowed on the course are 2 official buses, one truck for newspaper cameramen, and one ambulance...Americans have won 34 times, Canada 14, Japan 3, Korea and Finland 2, Sweden, Germany, Greece and Guatemala 1 each...

Eddie Southern ran his first 220 in 22.0 in both his fast races this year. "I like to push the third 110, too. It may take something from my kick but I still have enough for a sustained finish" says Eddie...Coach Clyde Littlefield says Southern will go into the relays for a while, then return to the quarter in May and June...Ramon Sandoval, South American record holder at 800 and 1500, is a frosh at Lamar Tech in Texas. He corresponded with a friend at Lamar Tech, became interested in the school, and coach Ty Terrell didn't miss. He is 24, from Santiago, Chile...

Mortensen, always good for a quote or two, says: "I feel certain Louie Zamperini and Leroy Weed could have run a mile in four minutes if they were in their prime today. In those days they were not running training laps anything like they do today, and those men could run a faster quarter than most of the men who have run under four minutes. I wouldn't be surprised if Zamperini and Weed, running with the advantage of today's training skeds, ran a mile in 3:48..."Mort also says Dave Davis should go over 60 this year. "He can do 55 just standing, so he's only getting two feet more from his drive, which isn't nearly enough"...George Roubanis has been over 15 in a workout...marathoner Dean Thackeray has fathered a son. He is going to specialize in road running...Kansas Relays is a two day meet this year, with finals both Friday and Saturday...in 1937 Indiana won four Kansas Relay baton championships and the mile team race, which was held instead of the four mile relay. This record has never been equalled...Rudy Smith of Bates, the soph 600 flash, is 5'11", 156 pounds, and the fastest man on his team from 40 yards to 4 miles. In his 1:10.6 NYKofC triumph he followed instructions perfectly, holding up the pace on the first lap, then pouring it on for the fastest time of the season...

HOP-STEP-JUMP All-time list shows 105 men over 50'2³/₈" (15.30). 25 are Russians and 19 are Japanese. The U.S. has only 7. A total of 28 countries is shown.

BULLETIN BOARD

Next Newsletter: April 8 and 22, May 6 and 20; March T&FNews mailed April 3.

Expanded Newsletter is being planned for the start of Volume 5, in August. In addition to improvements in style and appearance we will have much more space. This means room for more material. What material is to be used depends upon the readers--so let us know what you want.

Contributors Wanted for the new Newsletter. If you have some good stats, or want to go to work on a statistical project, let us know. Or if you can furnish profiles of past or present champs, or articles on great moments in track or anything else of general interest to your fellow Track Nuts. Either submit articles, or let us know what you have available.

A.A.U. Tickets are available from Track & Field News. \$5 for two nights. Seats are high up on both sides of stadium, near finish line. Specify side wanted. If want tickets together must submit order together. First come, first served. Hotel-motel info available.
