KEY TO LISTS

These lists give the top (fill in the blanks) U.S. performers (and top 10 performances, denoted by a —) of the 2020 season, with an appending of those foreign collegians whose marks fall into that range. Note that in the Pandemic Year most events didn't have enough quality marks to go to the usual 50-deep, so the depth varies.

In the wind-aided category, the domestics and foreign collegians are commingled (* after name = foreigner on windy list). Relay teams may contain non-U.S. nationals.

Athletes who change nationality during the season are listed with their nationality as of the date of the mark, so marks here may not be their actual best of the year.

Open athletes and high schoolers have no notation before their name. Collegians are noted by class: - = senior; * = junior; **=soph; *** = frosh.

(A) = altitude over 1000m (in affected events only). Wind-aided marks are those of greater than 2.0mps. Windy marks are listed only if superior to the best legal mark (windy performances listed to level of legal performances).

! = secondary mark in a field-event series.

Corrections welcomed!
