#### KEY TO LISTS

These lists give the top 50 world performers (and top 10 performances, denoted by a —) of the 2022 season.

Athletes who change nationality during the season are listed with their nationality as of the date of the mark; \* = American performer (if no school or club affiliation, listed as US rather than "unattached").

(A) = altitude over 1000m (in affected events only). Wind-aided marks are those of greater than 2.0mps. Windy marks are listed only if superior to the best legal mark.

! = secondary mark in a field-event series.

Corrections welcomed!
