Talks Fail; NCAA Boycott Incomplete

No settlement of the NCAA-AAU war is foreseeable as the 1965 track season heads into its last month.

Negotiations between the two warring administrative groups have been broken off again and NCAA President Everett Barnes said no further meetings are scheduled. After meeting with the AAU May 24 for the fourth time in four months, Barnes stated "it has been regrettably concluded that current differences cannot at this time be reconciled because of two divergent philosophies, of and jurisdiction over, track and field competition in this country."

Meanwhile, the NCAA boycott of AAU sanctioned meets remained less than complete:

The California Relays, slated for Modesto May 29, drew entries from North Carolina College, Grambling and Southern. The latter two schools were in doubt, however, as the NCAA exerted pressure, under the threat of punishment, for them to withdraw from the Modesto meet and compete in a USTFF meet at Houston.

Forrest Beaty, steadily improving sprint star from California, announced he would compete in the National AAU championships even though the NCAA says he should not. The NCAA claims year around control over undergraduates and hopes to persuade, in one way or another, such athletes not to enter the AAU. Beaty, however, feels he is not under NCAA or school control during the summer and wants to try for a place on the international team which will be led by Cal coach Brutus Hamilton. At least one other West Coast collegian, even more prominent than Beaty, has said he will run at San Diego. It is expected a goodly number of collegians will follow Beaty's lead and run in the AAU, with or without approval of their schools.

Robinson Triple Jumps 52'8 1/4" at WAC

by Jack Shepard

Albuquerque, N.M., May 21-22--Clarence "Clank" Robinson, with a new collegiate triple jump record of 52' 8 1/4", led the New Mexico Lobos to their second consecutive Western Athletic Conference title in a meet which saw several surprises and good competition despite the 15-20 mile per hour winds which blew steadily during the Saturday night finals.

Robinson, who has been bothered by sore feet since his 26' 9 1/4" leap at the Drake Relays, needed only one attempt in the Friday night preliminaries of the triple jump to erase Charles Craig's NCAA record of 52' 4" set last year, and the pending mark of 52' 5" by Mahoney Samuels set earlier this year. The record jump was made with zero wind and did not look particularly good until Clank landed far down the pit as he had very little height on any part of the jump. This was his only triple jump as he wanted to save himself for a big effort in the long jump the next evening. It was too bad for the long jump finals were marred by a 17 mile aiding wind, and Robinson could manage only 25' 5 1/4", as his windless preliminary jump of 25' 7 1/2" stood up for the win.

The team race was a good one with favorites New Mexico and BYU both having a chance at the title until the triple jump and two-mile results were posted near the end of the meet. The Lobos defeated BYU by 15 points with their 79. Third was Arizona at 45. Both New Mexico and Brigham Young will be out for the NCAA team title in June.

The wind affected all performances in the finals as all but the short races finished down a long straightaway into the wind. Bernie Rivers of New Mexico used a 12 mile aiding wind to clock 9.3 and Al Rockwell of BYU had use of a 16 mph wind to clock a surprisingly slow 13.9 in the highs. New Mexico's Fred Knight, a sure placer in the highs, tangled with another runner going over the fifth hurdle and fell. To make up for his poor showing he left the blocks very fast in the 330 intermediates, and was running very smoothly until he faded badly over the last hurdle and lost to BYU's fast-closing Mike Douglas, 37.0 to 36.7. Douglas led the qualifiers with a speedy 36.9.

The closest race of the evening was the 220 where four men ran abreast down the straight before Tim Russell of BYU inched ahead

of Art Carter and Rivers of New Mexico and Tom Hester of Arizona State, all being timed in a windy 21.0.

BYU's title hopes depended on placing strongly in the distance events, but it was the Lobos talented frosh who stole the show. Bob Delaney of BYU won the mile as expected, by out-sprinting New Mexico's John Baker over the final lap, 4:16.1 to 4:18.8. Slow early pace, strong winds and the altitude kept Delaney from approaching the 4:10.2 Conference record. The 880 was supposed to be a duel between Gene Cummings of BYU and New Mexico freshman Pat Cox, but it was another Lobo frosh, Danny Davis, who brought the meager crowd to its feet as he inched ahead of Wyoming's much-improved Doug McDonald for second in 1:52.2 behind the 1:51.9 of Cummings. Cox, feeling the big meet pressure, finished last and Eric Owers, the Conference record holder from Arizona State, could do no better than fifth. In the preliminaries, Cummings had to run 1:51.6 to hold off the closing rush of Davis, who clocked a personal best of 1:52.0. In the two-mile, Lobo frosh Web Loudat pulled away from the pack on the seventh lap, and only BYU's Ron Morgan stayed close until Loudat uncorked a 57.3 final lap to win easily in 9:14.0. Morgan lost second to Wyoming's Mike Gregario who closed fast to clock 9:32.4, his best by 18 seconds. Early leaders Delaney and Lou Scott of Arizona State did not finish. Delaney has been stressing speed work for the mile this year, and is not the two-miler he was last year when he set the JC record of 8:57.4.

An expected fast 440 was doomed as the runners fought a 15 mph wind down the homestretch. Ullis Williams appeared to win easily in 46.3, over a fast-kicking Bob Tobler of BYU who clocked 46.4. Lobo Art Carter was a distant third in 47.1.

In the mile relay, New Mexico held the early lead but BYU's Russell came from seven yards back to a four yard lead on the hand-off to Tobler who won going away in an approximate 45.7. BYU's time was 3:10.7--fastest of the year for them.

On the field, the wind did not hinder the performers as much as expected. Ted Winfield of BYU equalled his seasonal best by winning the high jump at 6'10". Ed Martensen, the up-and-down Arizona vaulter, was up as he won the pole vault at 15'6 1/2" over Paul Skowron of BYU and teammate Al Teasley at 15'1 1/2".

Mike Bianco of BYU won the shot as expected with a fine 59'2 1/2", but the big surprise was Jon Cole of Arizona who upped his lifetime high by over 2 1/2 feet and took second with 58'11". Cole came back to win the discus on a preliminary toss of 180'11 1/2" which stood up through a wind-handicapped final. Jim McArdle of Arizona took second on his next to last toss with a 173'11" and Larry Kennedy, the NCAA champ from New Mexico, improved to 173'9" on his final throw only to lose third to Arizona's George Treadwell who went 173'10 1/2".

Big surprises occurred in the javelin. With only seven men entered and six to qualify for the finals, some coaches wanted to eliminate the preliminaries but Arizona State Coach Baldy Castillo wanted prelims held as his thrower Glenn Winningham gets his good throws early while John Tusshaus of Arizona, the meet co-favorite, usually gets his best throws toward the end of a series. Castillo felt Tusshaus would have an unfair advantage by having all throws on Saturday. Castillo won his point, and in the prelims Winningham was the sole competitor eliminated as he threw one flat and two out of bounds. Throwing into the wind in the finals, Tusshaus won with a good 230'5", while Lobo frosh Eric Christianson again improved to 219'7 1/2" for second, and Frank Burgasser, New Mexico's 245-plus thrower took fourth at 206'4 1/2".

Groth Turns 1:47.5 as Oregon Tops SC

by Ranny Green, Tacoma News Tribune
 Pullman, Wash., May 22--An Oregon track team, supposedly a "year away" this season, came of age here this weekend.
 Coach Bill Bowerman's Ducks pulled a major upset by capturing the Pacific Athletic Conference track diadem at Rogers Field, totalling 52 points to runner-up Washington State's 41, California's 40, Southern California and Stanford's 34, UCLA's 27, Oregon State's 25, and Washington's 16. The Oregon squad, dominated by sophomores and juniors, scored in all but four events on the 19-event program. The school has received its cinder fame from distance runners so it was only appropriate that the clinching points came in the three-mile run--a hotly contested affair.

The host Washington State Cougars and California, regarded as outside threats for the title, made a run at Oregon in the latter stages but could not pull it out. Ken Moore, Oregon junior, won the three-mile in 13:45.0 after passing WSU's Chris Westman on the final straightaway and winning by a yard in one of the high points of a well-run meet.

The 4500 Cougar fans received an additional heartbreak when WSU's Dick Hickman was disqualified for running in the wrong lane on his way to a first-place finish in the 220. He had earlier captured the 100 title in 9.6 from injured Dave Blunt of Oregon and Larry Questad of Stanford, who was forced to withdraw from the 220.

The key event in the meet proved to be the 880, where Southern Cal, the title favorite and winner of all five previous PAC championship meets, was blanked. The Trojans figured to finish possibly as well as 1-2-4 in the two-lap chase, but Dennis Carr (leg injured), Bruce Bess and Charley Oakley were far back.

Bowerman said, "This young squad has really come along this season. At the first of the year, I wouldn't have been surprised if we had lost four dual meets. As it turned out, only San Jose State beat us and that came in our second meet. Clarke (Brian Clarke, a sophomore from Honolulu) and Bell (Wade Bell, a sophomore from Ogden, Utah) really sparked our team today. But we had key performances here from everyone."

Clarke, who came to Eugene on an academic scholarship, pulled off a big shocker by placing third in the mile (4:08.7), while Bell took second behind Oregon State's Morgan Groth in the 880. Bell es-

tablished a new Oregon school record of 1:48.0. This was his best by 2.8 seconds.

Groth ran a 1:47.5 in winning the 880. This bettered the previous PAC best of 1:49.0 by Jerry Siebert in 1960. Groth's run also ranks as the best collegiate time in the nation this spring. He said, "Surprisingly, the race was fairly easy, although my leg tightened up a little near the finish." Carr and Groth ran even at the half but the OSU senior launched his sprint in the final 220, leaving the Southern Cal performer behind. Groth dropped out of the mile earlier in the day, after being in contention for three laps.

Stanford sophomore Jim Eshelman vaulted into the number one spot collegiately in the pole vault when he soared 16'¾". His previous best was 15'7¼". He made 15'0", 15'6", 15'10¾" on his second tries before making 16'¾" on his first attempt. His pole snapped on him when he tried a higher height.

Two double wins were posted. Moore of Oregon took the steeplechase (9:05.2) and three-mile. Cal's Forrest Beaty not only annexed the 220 (21.3) and 440 (46.5)--both times ahead of teammate Dave Archibald--but ran legs on Cal's winning 440 and mile relay teams for four gold medals. The 46.5 and a 21.0 in a heat were personal bests for Beaty.

The two-day show was full of heartbreaks and surprises. Following are a few that fall in both categories: 1) Stanford's 440-yard team, which holds a pending world record 39.7, did not place because Dale Rubin missed his pass from starter Eric Frische, the former taking it outside the passing zone; 2) UCLA's Hermann Spiegel, not figured as a title threat, won the javelin with a personal best of 233'10¾"; 3) Bob Stoecker of Stanford upset Southern Cal's Gary Carlsen in the discus, equalling his previous best of 183'10¾"; 4) California's defending NCAA and PAC mile-relay champs won its 23rd consecutive race over a two-year period in 3:09.4, this time with Chuck Glenn, Forrest Beaty, Dave Fishback and Dave Archibald; 5) A point oddity occurred in the final standings when Washington State nipped Cal, 41-40; last year the Bears took second over WSU by the same 41-40 margin.

our Conference records broken as Michigan State won its first Big Ten title in its 15 years of membership.

Jon Reimer of Iowa was most impressive with a 36.1, tying in Miller's pending US college record for the 330-yard hurdles, Reimers, who two years earlier won the Iowa Class B high school title with 21 points himself, never had run better than 38-flat for the intermediates.

"I guess I just decided to run this time," he said. "It's a tough race until you get in shape. Now I love it." Less than a half hour later, he anchored the winning mile relay team.

Michigan junior George Canamare vaulted 15'9 $\frac{1}{2}$ ", improving its 1964 best nearly 21 inches this season. Other records went to Michigan State soph Keith Coates who took the mile in 4:08.2 and Minnesota's Norris Peterson who nabbed the two-mile in 9:01.5.

Jim Garrett, junior from South Carolina, scored 14 points, one-fourth of Michigan State's 56 total. He won the broad jump and 20, and placed second in the 100, which happened to be the weakest event of the meet. With Illinois' Trenton Jackson switching to baseball, the field was poor. Michigan's Dorie Reid had not been training since Michigan's semester ended three weeks earlier, but all he needed was 10.0 against the wind.

Three other sophs were big scorers for Michigan State. Gene Washington with first in the high hurdles and second in the intermediates, Mike Bowers first in the high jump (6'7") and Das Campbell second in the 440 and third in the 220.

Cunningham Clips Off 4:05.2 at MAC

by Jack Clowser, The Cleveland Press

Athens, O., May 22--Miami's Rick Cunningham ran the fastest outdoor mile ever contested in Ohio, and nine meet records were toppled, but nothing prevented Western Michigan from capturing its ninth consecutive Mid-American Conference championship here today.

Coach George Dales' Broncos set three of the meet marks and tallied 62 points to 54 for runner-up Bowling Green. Ohio U and Miami tied with 41 each, Kent State had 39, Toledo 15 and Marshall 3.

Cunningham, only a junior, won the mile by setting the pace all the way, in 4:05.2. The old MAC record was 4:07.3 by Olympian Bob Schul of the same university last year. Cunningham dragged Ohio's Darnell Mitchell to a lifetime best of 4:07.3 for second place, and Western Michigan's Bruce Burston had 4:07.4.

The pace, on a hot and humid day, took so much out of Mitchell that he failed to place in his specialty, the 880. But he came back in the mile relay with a 47.2 leg, and when anchorman Barry Sugden finished with 46.6, the home crowd roared as Sugden passed three rivals only to wind up second. Bowling Green's Bob Classen, Ralph Canady, Tom Wright and Henry Williams clocked 3:12.4 for one of the new records. Ohio's 3:13.3 also bettered the old mark of 3:13.6 by Miami last year.

Cunningham's fractions were 60.2, 2:03.5 and 3:07.5 in the mile. But he didn't essay the same double Schul won in 1964, when the latter came back with a meet record three-mile. Miami's Jack Bachelier won the long one today in 14:28.0.

Among the more notable new marks were Sugden's 46.7 in the 440, a 1:49.4 half by Ralph Stephenson of Western Michigan, a 6'10" high jump by Kent's Norm Curry, and a 41.1 by Bowling Green in the 440-relay.

Both the 440 and mile relays were anchored by the Bee-Gees sophomore sparkler, Henry Williams. He won the 100 in 9.5 but the aiding wind (5.32) was a trifle over the limit, and took the 220 against a wind on the long straightaway portion in 21.7. Williams had a prelim 9.4 but the wind was a bit too strong then, too.

Kent State, now coming up from virtually nothing under Coach Doug Raymond, had the only other double winner in sophomore Marty

Eisner. He flung the discus 165'2" for a meet record. Then, although well under his indoor NCAA performance of 57'3 $\frac{1}{2}$ " in the shot, he won with 53'7".

Western Michigan's Dennis Holland, who has long jumped 25'7 $\frac{1}{2}$ " this season, was far off form but nevertheless edged Bowling Green's Ken Bryant by a quarter-inch with 24'2".

100, H. Williams (BQ) 9.5w (9.4hw). 440, Sugden (O) 46.7. 880, Stevenson (WM) 1:49.4; 2. Isaacson (M) 1:50.8; 3. Crooks (O) 1:51.0. Mile, Cunningham (M) 4:05.2; 2. Mitchell (O) 4:07.3; 3. Prep Flowers Runs 42" Highs in 13.8

Atlanta, Ga., May 22--Latest in a series of great performances by high school track and field athletes this season was turned in by Richmond Flowers, Jr., of Lanier, Montgomery, Ala. High School.

Earlier this season he had proven himself to be easily the finest prep hurdler with five record equalling 13.7s (including two legal ones) as well as a 13.6 and a 13.5 over the high school 39 inch hurdles.

And then he came here for the Georgia Federation championships--but he was limping from a muscle pull suffered the previous Sunday in competition. He scratched from two events and remained only in his new specialty, the 42 inch hurdles.

In his second-ever race over the regulation-size hurdles, he rocketed to a 14.1 time in a qualifying heat. And then he faced Tennessee's 13.9 hurdler Pat Pomphrey in the finals. Flowers just barely won, but both runners were timed in 13.8!

It was by far the fastest ever run by a 17-year-old, the previous best being 14.2 by Carl Davis of Arizona State last year. But the conditions under which he achieved the feat are amazing. He was suffering from a leg injury and a sore knee after flattening six hurdles in the preliminary heat. Reports vary on the number of hurdles he knocked over in the finals: either five or nine!

His very first competitive effort over these hurdles was the previous Sunday when he ran 13.9!

Mile, Soderberg (Tenn) 4:08.7; 2. Russell (Tenn Fr) 4:09.8. HH, Flowers (Ala HS) 13.8 (14.1h); 2. Pomphrey (Tenn) 13.8. 330 IH, Pomphrey 37.7. DT, Smith (Fla A&M) 169'0".

International Representation

An international team must consist only of native born or naturalized subjects of the country concerned, except in the case of citizens of a colony, who can represent the Mother Country if the colony is not a member of the IAAF.

An athlete cannot represent more than one country except in cases of (a) incorporation of one country into another; (b) creation of a new country ratified by treaty; (c) where membership of the IAAF is acquired by the governing body of any colony where such membership did not previously exist; (d) where in the case of a female athlete nationality is altered by marriage.

An example of case (d) is Olga Fikotova, who won the 1956 Olympic discus title for Czechoslovakia. After marrying the American hammer thrower Hal Connolly (the 1956 Olympic hammer champion) she represented the United States in international competition.

The Olympic ruling is: "Only citizens of a country are eligible to wear the colors of that country in the Olympic Games. It is not permissible for a competitor having once worn the colors of a country in the Olympic Games, to wear those of another country on a future occasion except when his former country has been incorporated into another state or if he wore the colors of the former country because his native land had at that time no National Olympic Committee or in the case of a woman when she has taken new nationality by marriage."

Native born citizens or subjects of a dominion or colony are eligible to represent the Mother Country if the dominion or colony has no National Olympic Committee.

European Championships

The European Championships, held every four years midway between Olympic celebrations, were started in Turin in 1934. The driving force behind their establishment was a Hungarian, Szilard Stankovits. Subsequently, Championships were in Paris (1938), Oslo (1946), Brussels (1950), Berne (1954), Stockholm (1958), and Belgrade (1962). Budapest will stage the 1966 meeting. Britain did not send a team to the 1934 Championships and the Soviet Union competed for the first time in 1946. A separate women's Championships took place in Vienna in 1938, but since 1946 the men's and women's have been in conjunction with each other.
